

Chrome Isolating Valve

15mm Light Pattern with Screw Slot

Applications

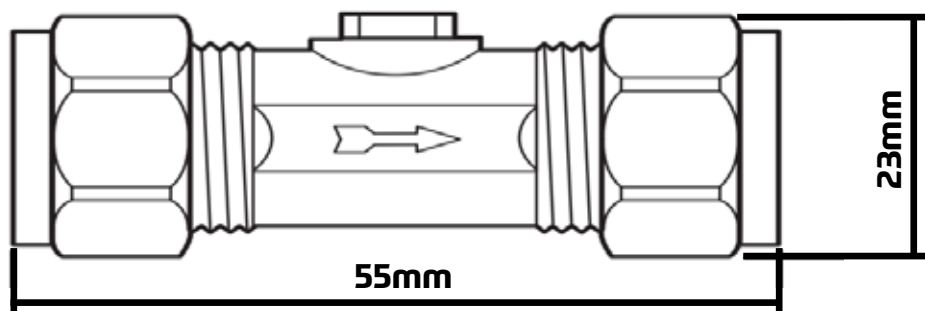

Our Chrome Isolating Valves are used for turning off the water from part of the system, avoiding the need to drain down the entire system in order to carry out maintenance work. Supplied with a screw slot, this enables the water flow to be easily turned off or on with a screwdriver.

Features

- ~ Chrome plated
- ~ Brass body
- ~ Compression x Compression
- ~ For isolating part of the system, this avoids the need to drain down the whole system in order to carry out repairs
- ~ Manufactured from high quality materials, compact and gives durability and secure isolation when activated
- ~ BS 864 compression connection for ease of assembly.
- ~ WRAS approved

Dimensional Data

Technical Data

Working pressures	0.1 bar min - 16.0 bar max
Maximum Temperature	85°C
Material	Brass Body, Brass, Chrome Plated Ball, Brass Spindle, NBR Seal
Product Code	364052
