

Applications

Designed for use with Dudley pneumatic cisterns. Ideal for applications where risk of vandalism or misuse is present.

Water Saving

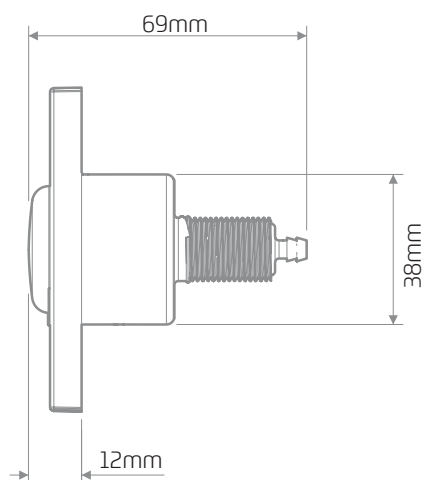

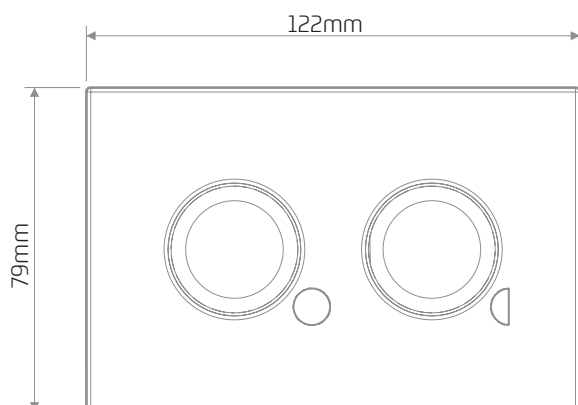

Dual flush operation provides reduced flush for enhanced water saving.

Features

- ~ High impact vandal-resistant stainless steel construction
- ~ Smooth pneumatic operation

Dimensional Data

Technical Data

Operation	Pneumatic
Installation Aperture	2 x Ø40mm @ 50mm CTR5
Fixing Type	Mounted Chassis (Screws Supplied)
Wall Thickness	≥2mm
Flush Option	Dual Flush
Product Code	326488
