

## OSMO<sup>®</sup> F1 Concealed Cistern

- ~ **Leak free** flush for life
- ~ **WRAS** approved product
- ~ Easy to **Service**

**Dudley**

The world's first **front access syphon cistern**

# OSMO F1<sup>®</sup> CONCEALED CISTERN

## Guaranteed leak-free flush mechanism

TYDE's OSMO<sup>®</sup> F1 is the world's first front access serviceable syphon cistern, fitted with the NEW Dudley Turbo Edge<sup>®</sup> syphon, designed for use with WC furniture & IPS panelling.

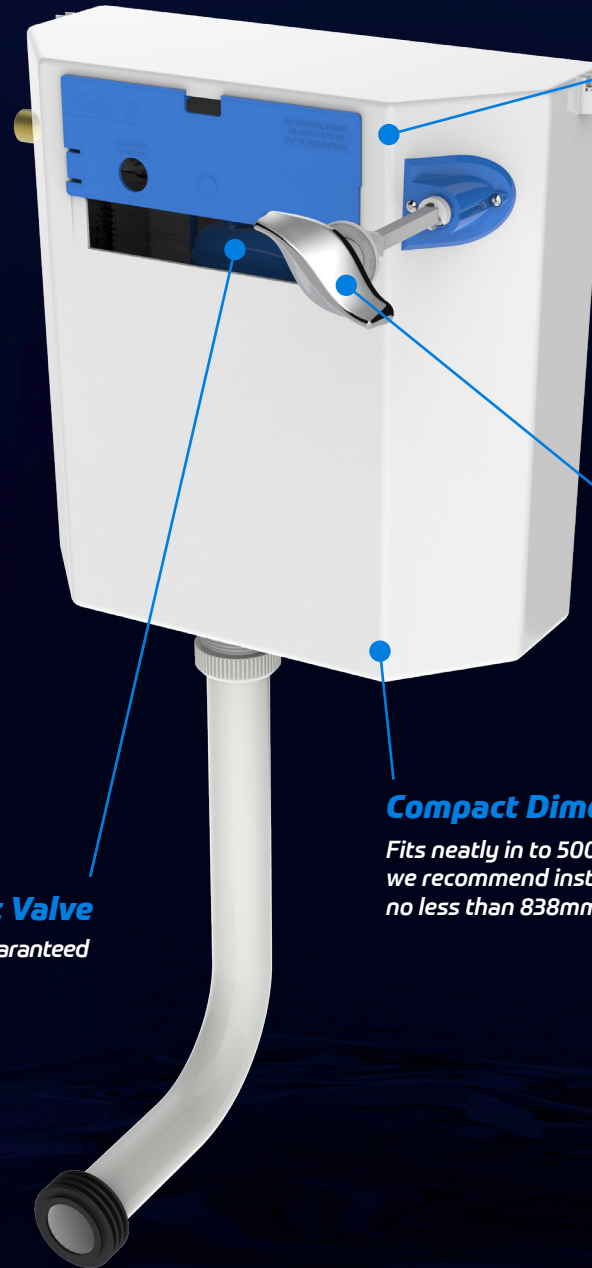

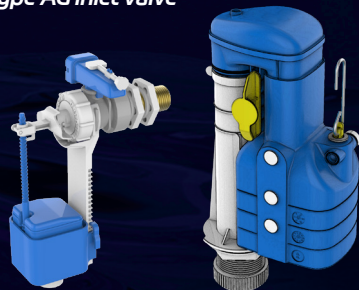

Manufactured in the UK by TYDE, OSMO<sup>®</sup> F1 is a new innovative concealed cistern designed to be stylish, versatile and easy to fit and service with minimal disruption to WC furniture or panelling.

We recommend OSMO F1 is only used with a reputable branded manufacturer of WC Pans.

Product	Code
Osmo F1 Right Hand Actuator	371854
Osmo F1 Left Hand Actuator	371855

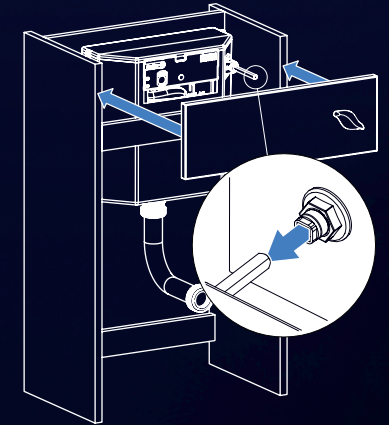

## Fitted with Turbo Edge<sup>®</sup> Syphon & Hydroflo<sup>®</sup> Inlet Valve

Compatible with Turbo Edge<sup>®</sup> the world's most compact syphon and guaranteed to be leak-free. Hydroflo<sup>®</sup> quiet fill type AG inlet valve

### Front Access Cistern

Easily serviceable within WC furniture and IPS panelling

### Unique Actuator

Patented front access system, unique registered design actuator available in multiple finishes, ergonomically tested for optimum light touch operation (actuators sold separately)

### Compact Dimensions

Fits neatly in to 500mm furniture units, we recommend installing at a height of no less than 838mm

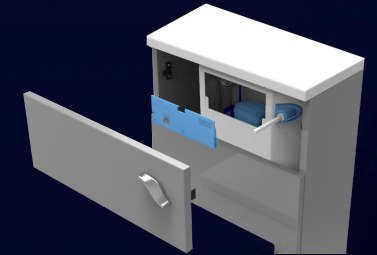

## World's First Front Access Syphon Cistern

*First ever front facing access syphon cistern for furniture fittings with a unique, rotating, patented actuator.*

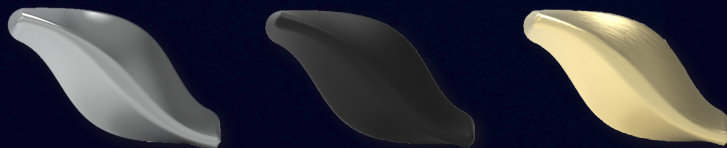

## Easy Installation & Service

*Factory assembled for easy install with front access for effortless service and maintenance, comes with 10 year warranty.*

## Unique Actuator (must be purchased separately)

*Innovative and stylish design has been ergonomically tested to create a unique actuator that can be utilised with syphon technology with a variety of finishes with left and right availability.*

## Leak-Free Flush for Life

*Compatible with our Turbo Edge; the world's smallest best performing leak-free syphon. Easy-flush volume adjustments can be done in seconds and Duoflush comes as standard.*

### DID YOU KNOW?

#### Easy to install & Service

OSMO® F1 is supplied factory assembled for quick & easy installation with front access panel to enable easier servicing in furniture.

#### Saves Water

Excellent water saving with 6/4, 6/3 & 4/2.6 litre volume dual flush options, the Turbo Edge® syphon guarantees a leak-free flush mechanism.

Hydroflo® quiet fill, compact type AG inlet valve also provides delay fill technology.

#### Water Regulations Compliant

Type AB weir overflow makes cistern fluid category 5 compliant; the only way to be compliant to water regs in standard height furniture.

#### Easy for all users

The ergonomically tested dual flush control & Turbo Edge's user friendly, light-touch operation makes it ideal for very young & elderly users.

#### Stylish Actuator

Available in various finishes to suit any application, with left and right availability.

The World's First Fluid Category 5 Certified Cistern

## What the professionals say...

“ It's a lot easier to flush than our push button ones and the flush control looks really stylish too ”

Homeowner - Jason Lessard

“ The Turbo Edge is simply a quality product from a quality manufacturer... ”

Plumber

“ I have had engineers come back to me to say the Turbo Edge is fantastic, they have fit in all types of cisterns, easy to fit, overall a fantastic product ”

Area Manager
