

TOMMY BAR RADIATOR KEY

Brass

Applications

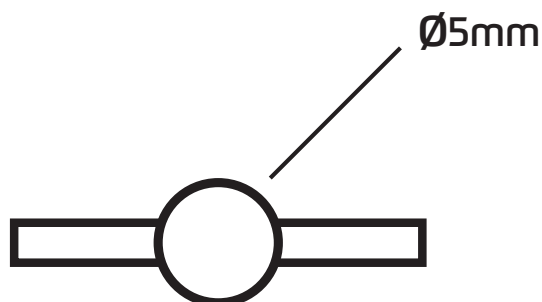

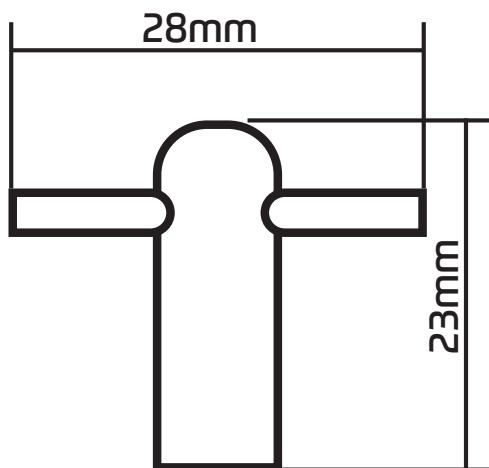

Our Tommy Bar Brass Radiator Keys are a great way of venting or 'bleeding' your radiator system from air. If your radiator feels cold at the top but warm at the bottom then this could definitely be the product for you. Beta Brass Tommy Bar Type Radiator Key – Conventional radiator key with square female end for releasing air out of the system

Features

- ~ Brass
- ~ Square female end
- ~ Used for bleeding rear bleed radiators
- ~ Manufactured from high-quality materials
